

Expand your income with expert corrective-color techniques for Cosmetologists

Approved for six hours continuing education for license renewal by the SC State Board of Cosmetology. Prerequisite: Current licensure as a Cosmetologist.

Join us for an exciting day of discovery

You'll leave with great tips on how to satisfy your clients. Did you know that 75-80% of all mistakes made in the salon could have been corrected by the use of a consultation card? Consultations help you understand your client's needs and help you select products and services that will delight your client.

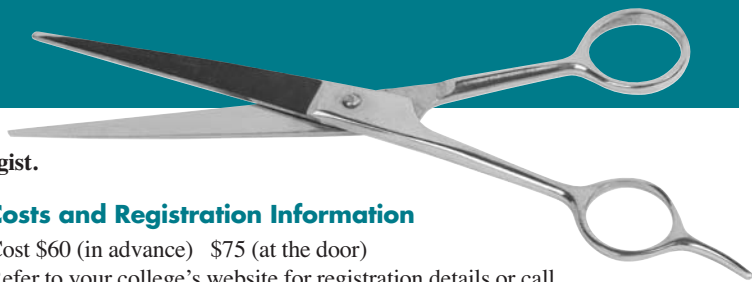

We'll cover topics such as hair lightening problems and answers, stages of lightening, over lightening, use of toners, the color wheel, coloring gray hair and the very latest in trend cuts.

Come prepared to have fun while learning from expert instructors.

Important Note
