

Translate your **Spanish** skills into a new career.

Midlands Technical College is offering a new program for people fluent in Spanish and English – Interpretation Training for Health & Human Services. These courses will train you in medical terminology and practices needed to obtain jobs in the ever-expanding health and human services interpretation field.

The affordable courses are offered evenings and weekends, so they will fit in your schedule. After completing each course level, you will receive an MTC Certificate for 20 contact hours. You must be fluent in English and Spanish to take these courses.

Instructor:

Orlando Gonzalez is president of AccuLingua Communications & Consulting Services. He is also adjunct faculty for Emory University School of Medicine, the University of South Carolina – Upstate, and Midlands Technical College. He holds degrees in philosophy, social studies, science, health, and a master's in education. He is also a graduate of Berkana Center for Translation and Interpretation Studies. He has worked as a school principal, paramedic, and diversity trainer. Orlando is a dynamic speaker who uses humor and pathos to bring home his innovative strategies for improving communication between medical providers and the Latino consumer.

2007 Class Schedule

Medical Interpretation Training I

Introduction for Medical and Social Services Interpreting

Health services interpretation careers involve much more than language translation.

This course will give you a foundation in interpretation skills, ethics and legal issues. Role play and guided practice sessions will help you apply what you have learned.

May 18-26, 2007 **Fridays: 6 - 9 p.m. & Saturdays: 8:30 a.m. - 4:30 p.m.**
Course Code: CEHHS-619 **Northeast Campus** **\$379**

Medical Interpretation Training II

Bilingual Medical Terminology

To be an effective health services interpreter, you must be familiar with complex medical terminology. This course will teach you the terms and concepts you need to know for these careers.

June 22-30, 2007 **Fridays: 6 - 9 p.m. & Saturdays: 8:30 a.m. - 4:30 p.m.**
Course Code: CEHHS-620 **Northeast Campus** **\$379**

Medical Interpretation Training III

Bilingual Introduction to Common Diseases with Associated Anatomy and Physiology

This course is designed to help participants hone their interpretation skills in bilingual human anatomy, physiology and common diseases. Advanced role playing will prepare you for challenging situations.

July 20-28, 2007 **Fridays: 6 - 9 p.m. & Saturdays: 8:30 a.m. - 4:30 p.m.**
Course Code: CEHHS-621 **Northeast Campus** **\$379**

**Levels are not consecutive and may be taken in any order.*
