25th Annual Clinical Educators' Workshop in the Radiological Sciences

with Dr. Bill Mulkey

November 5-7, 2009

Midlands Technical College • Columbia, South Carolina

Session Topics: Dr. Mulkey has some great topics this year that will help enhance the quality of your program. Register early as space is limited and you won't want to miss this workshop.

- Develop a better understanding of today's student
- List the major responsibilities of the clinical instructor
- Identify the advantages of having a disciplined program
- List the qualities and traits of a good radiographer according to management
- Incorporate the merit/demerit system for a fair clinical grade
- Identify ways the staff's evaluation can provide useful information
- Develop objective clinical grades
- List the steps necessary for effective clinical counseling
- Identify components needed for legal documentation of poor clinical performance
- Identify at least 10 ways to be a more effective disciplinarian

Registration Information:

\$425 for 2-1/2 days; Course #: CERAD 527 01
Deadline to register: November 2, 2009.
